Q U A L O

**Quality You Can See,
Performance You Can Feel**

Brand Philosophy

Qualo is more than just technology – it is a promise of exceptional quality, visible in every detail and tangible in everyday use. Our products are designed to meet the modern needs of users by combining smart functionalities, advanced technologies, and contemporary design. At **Qualo**, we create solutions that enhance everyday comfort and support sustainable development.

Mission

Qualo's mission is to develop technological solutions that cater to modern needs while elevating user experiences to a higher level. Every product is meticulously crafted, serving not only as a functional tool but also as an aesthetic lifestyle element.

Vision

We strive for our products to be a symbol of quality and an inspiration for more conscious living. We focus on innovation, the implementation of cutting-edge technologies, and the pursuit of eco-friendly solutions.

QUALCO

Quality You Can See,
Performance You Can Feel

The 5 Values We Stand By

Quality Craftsmanship

We pay attention to every detail, creating products that are solid, reliable, and meet the highest standards of craftsmanship.

Innovation

We continuously seek new solutions and technologies to improve the quality of life, bringing the future into everyday experiences.

Modern Design

We believe that functionality should go hand in hand with aesthetics. That's why our products combine sleek design with smart functionalities.

User Comfort

The user is at the heart of everything we do. We design products that are highly convenient, intuitive, and adapted to modern lifestyles.

Environmental Responsibility

We design with sustainability in mind, using eco-friendly materials and solutions that reduce the negative impact on the planet.

Four Product Lines

QUALGO ULTIMATE LINE

Takes everyday experiences to the next level. Visible quality in every detail – from carefully selected materials to advanced technologies and refined design.

QUALO

ULTIMATE LINE

A Higher Level of Experience

The **Qualo Ultimate** line meets the everyday needs of users by offering advanced technological solutions in a refined, modern form. Every element is designed for maximum functionality and reliability.

Qualo Ultimate products combine the latest technologies, such as fast charging and device miniaturization, with smart features that fit seamlessly into a modern lifestyle. They are not just functional tools but also aesthetic elements of everyday life.

Detailed technical data of the products can be found on page 42 of the catalogue.

- Fast charging up to 60 W PD
- Universal compatibility with multiple devices
- Nylon braided cable with reinforced connectors for increased durability

Ultimate Cables

“Optimized fast-charging performance, available in a color palette aligned with global trends. Personalizing electronics is becoming a trend both in Poland and worldwide.”

REINFORCED WATERPROOF BACKPACK with USB charging port and zipper lock

Code: QPS-W-USB-01
 Dedicated pocket for:
 laptop: YES (15.6")
 tablet: YES
 Material: laminated EVA + 900 D waterproof polyester + PU
 Dimensions: 30 x 46 x 15 cm
 Weight: 820 g

- Added laptop compartment for up to 15.6 inches
- Built-in USB-C + USB-A ports for convenient device charging
- Anti-theft locks with a combination lock
- Water-resistant hard-shell construction
- Ergonomic, breathable shoulder straps and back panel
- TSA-friendly design for easier airport check
- Hidden anti-theft pocket

Backpacks

REINFORCED WATERPROOF BACKPACK with hardshell

Code: QPS-W-BZ-01
 Dedicated pocket for:
 laptop: YES (15.6")
 tablet: YES
 Material: EVA hard shell + 900 D waterproof polyester + PU
 Dimensions: 30 x 44 x 13 cm
 Weight: 1100 g

- Padded laptop compartment for up to 15.6 inches
- Water-resistant hard-shell construction
- Ergonomic, breathable shoulder straps and back panel
- TSA-friendly design for easier airport check
- Hidden anti-theft pocket

**HARD LAPTOP CASE
with handle**

Code: QPL-SU-01
 Dedicated pocket for:
 laptop: YES (13.3")
 Material: 900 D waterproof polyester + PU
 Dimensions: 35 x 25 x 5 cm
 Weight: 670 g

- Padded compartment with soft AntiScratch material
- Dedicated accessory pocket
- Reinforced construction with stiffened sides
- Suitcase handle strap
- Durable material with a hydrophobic finish
- TSA-friendly design for easier airport check

Laptop cases

**SOFT LAPTOP CASE
with handle**

Code: QPL-13-07
 Dedicated pocket for:
 laptop: YES (13.3")
 Material: 1200D polyester + PU
 Dimensions: 35 x 22,5 x 5 cm
 Weight: 230 g

- Padded compartment with soft AntiScratch material
- Dedicated accessory pocket
- Secure construction with stiffened sides
- Durable material with a hydrophobic finish
- Carrying handle for easier transport

QUALO

RECYCLING LINE

Technology for a Better Future

Qualo Recycling is technology created in harmony with the environment. For its sake, you no longer have to sacrifice technological conveniences. On the contrary—you gain advanced, functional solutions that are fully compatible with the latest devices.

Qualo Recycling products are made from recycled materials, which supports waste management and reduces the carbon footprint. Multi-functional devices replace dedicated solutions, thereby limiting the use of raw materials. Modern packaging—primarily paper-based—reduces, often to zero, the consumption of plastic.

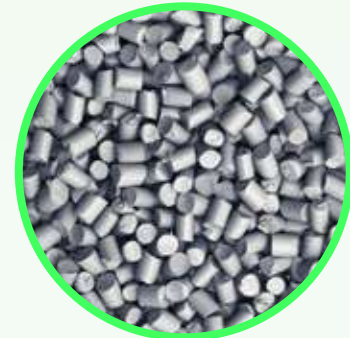

Detailed technical data of the products can be found on page 42 of the catalogue.

The Power of Recycling

Every **Qualo Recycling** product reduces the need to produce raw materials from scratch. 50% of copper and 100% of plastics, aluminum, and tin come from recycled sources, which reduces CO₂ emissions and limits material consumption.

Why Does Recycling in Electronics Matter?

- **Conservation of Raw Materials:** Reduces the consumption of crude oil, rare metals, and water.
- **Less Waste:** Decreases the amount of plastic in landfills.
- **Energy Efficiency:** Production from recycled materials consumes less energy than from virgin raw materials.

Benefits for the End Customer:

- **Choice:** An opportunity to support sustainable production without compromising on quality.
- **Standard Price:** An eco-friendly approach without increased costs.
- **Environmental Impact:** A purchase decision that truly benefits the planet.

QUALO

MAG SECURE LINE

Technology in the Service of Convenience

The **Qualo MagSecure Line** redefines the approach to charging technology. It works seamlessly with Apple's MagSafe system—offering a level of simplicity and convenience hard to find elsewhere. Daily use becomes intuitive and effortless. These accessories are designed in the style of today's modern user.

Each product combines elegance with modernity. Precisely positioned magnets ensure a perfect fit between the phone and the accessory, resulting in fast and efficient wireless charging. Moreover, **MagSecure** also works with devices from other brands that support inductive charging.

Detailed technical data of the products can be found on page 42 of the catalogue.

Power bank

An increasing number of influencers are showcasing MagSafe power banks as a “must-have” in everyday life. #MagSafe recorded over 500 million views on TikTok in 2024, clearly indicating growing interest in these accessories.

- Compatible with the Apple MagSafe system
- Fast wireless and wired charging
- Lightweight and handy Slim-Fit design
- Very quick mounting and convenient on-the-go charging
- Elegant aluminum housing with enhanced durability
